## Welcome

## Katholische Kindertagesstätte St. Martinus

St. Martinus
im Kreuz-Köln-Nord

**English Version** 

## Our Team

- We look after children with the age oft 2 to 6 years
- The children can either spend 35 or 45 hours with us each week:

35 hours: 7.30 am - 2.30 pm

(including lunch)

45 hours: 7.30 am - 4.30 pm

(including lunch)

- Each group is lead by three adults/teachers.
- For each group there is an allocated group room, an additional play room, bathroom and bedroom.
- The bedroom can also be used as a play room because the beds can easily be put away.
- The children can also have breakfast in the group room. They bring their own breakfast from home and can decide themselves when they want to eat it.
- Lunch is delivered by a wholefood caterer. It is freshly prepared in a convectomator Further informations about the caterer / ingredients etc. you will find at the magnetic wall near by the menu.
- Every day the children play several hours outside.

- Apart from taking care of the children,
   all the carers have individual projects which
   they prepare for the children:
  - Music and singing
  - nursery rhymes and action songs
  - fairy tales
  - reading competition
  - counting and basic math skills
  - drum class
  - bible class (act out stories)
  - speach competition
  - trainee of movement and motor skills
  - forest education
  - sience experiments
  - media savvy.
- Once a week all children use the gym for exercise (ballgames, ropes, gymnastics).
- As there are limited spaces in the nursery we will ask you to indicate your religious background on our form and as our provision has a Christian philosophy we will first accommodate families where the parents are a member of the church and the child is christened and where are just brothers and sisters.
- We will provide a letter to take to the local church office (for Kath. Kirchengemeindeverband Kreuz-Köln-Nord, Kapellenweg 4, 50767 Köln).
   They will stamp it to confirm your membership.
- Our recordings take place once a year on August 1st.
